

**JUMAT Asia Co., Ltd.**

BANGKOK, June 10, 2009

### **JUMAT Asia profile**

Bernard JUBRE has been graduated from a French Engineer school ( Conservatoire National des Art et Métiers )

In 1972 he joined Fives DMS, a world leading company for the manufacturing of equipment for the steel industry, cold rolling mills and processing lines, mainly in the stainless steel and special steel field.

After two years in the design department he moved to the commercial department and was appointed in 1992 Director of Marketing and Development of Sales.

He retired last April and set up its own Representative Company JUMAT Asia Co., Ltd in Bangkok Thailand.

He has expert knowledge in handling proposals and offers to prospective clients particularly in Far-East Asia and has developed experience and established ties and personal contacts in Far-East Asia.

As such, he is in a position, to promote in the territory the sales of IMEAS equipment.
